TCE Level 1

Designed to offer a fresh approach to classroom learning, TCE will equip students with basic skills and effective methods to evangelize children and immediately begin a neighborhood outreach ministry or sustain their current ministry. Emphasis is placed on organizing and conducting meaningful classroom activities that enrich children spiritually and are also enjoyable.

In addition to regular coursework, three practicum sessions conducted during the course provide each student with evaluated experience in applying the theory and thought. Students are also required to participate in teaching five children's classes within six months of completion of the course to receive a certificate.
